## Border to Border Transportation

3rd Annual  
Border to Border Transportation  
Conference

Date: November 16-18, 2010

Judson F. Williams Convention Center

*The Conference first started from an idea about not only sharing issues and concerns, but about sharing initiatives and efforts in transportation planning. The goal of the conference has always been to cover the U.S./ Mexico International Border Area to the U.S./ Canada International Border Area and all of the U.S. Area in between.*
