

# Statewide Active Transportation Plan

TEMPO Fall Meeting

November 30, 2023

**1** Active Transportation Planning Accomplishments

**2** Study Tasks and Analyses Underway

**3** Plan Vision and Goals

**4** Stakeholder Engagement and Public Involvement

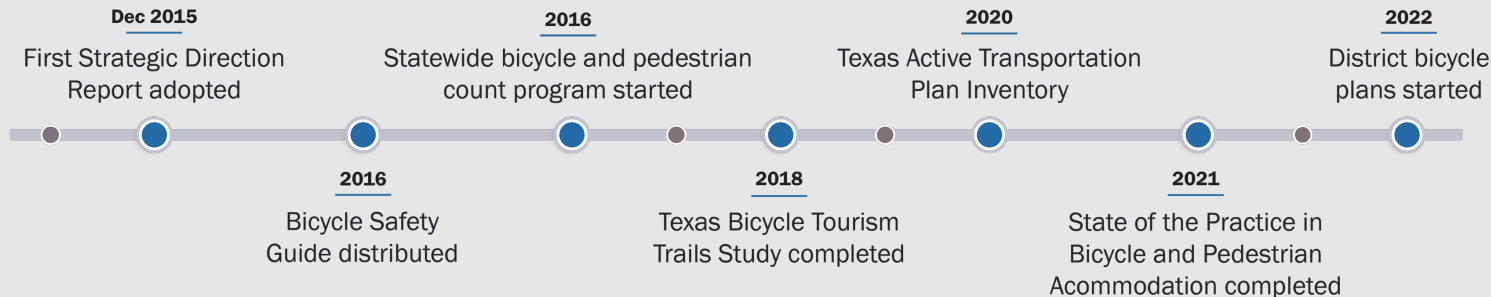

**5** Plan Schedule

**6** Related Planning Efforts

## Laying the groundwork for the State's first-ever Active Transportation Plan

~~\$383M~~ invested in **bicycle and pedestrian** projects across Texas by TxDOT from 2015 to 2022. **\$764M**

● Calls for projects under Transportation Alternatives Program

# Statewide Active Transportation Plan Overview

## Identify

- Summarize available inventories
- Integrate existing plans

## Analyze

- Needs, gaps, underserved communities, emerging markets
- Key trends (demographics, technology, safety)
- Performance measures
- Conduct financial analyses

## Strategize

- Priority improvements
- Funding options
- Policies, goals, objectives, and strategies for meeting needs

Develop Plan Vision  
through Collaboration

Conduct meaningful  
public outreach and  
stakeholder engagement

Communicate Benefits  
of Active Transportation

Demand & Risk  
for Users

Public Health

Economic Impact

Safety &  
Recommended  
Countermeasures

Equity & Identification of  
Vulnerable Populations  
Dependent on  
Active Transportation

Facility & Level of  
Traffic Stress  
to Identify Barriers

**The Texas Active Transportation Plan is a collaborative effort to advance walking, biking, and rolling as viable options toward a safe, accessible, connected, and fully integrated multimodal transportation system for all Texans.**

**The plan will support healthy, economically vital, and resilient communities with innovative solutions to increase active mobility.**

Home / Projects / Projects and studies / Statewide

### Statewide Active Transportation Plan

The Texas Department of Transportation (TxDOT) is developing a comprehensive Statewide Active Transportation Plan to establish a unified vision for the identification and implementation of strategic active transportation priorities and policies across Texas through 2050.

An active transportation plan provides recommendations for improving conditions for bicycling, walking, rolling, or other modes that are typically human-powered, non-motorized transportation, but may also include smaller electric-powered micromobility options such as e-scooters and e-bikes.

#### Planning for our active transportation future together

The Statewide Active Transportation Plan will be developed in collaboration with [TxDOT's Bicycle and Pedestrian Advisory Committee](#), metropolitan planning organizations, other key stakeholders, and the public. You play a vital role in developing a vision for increased and safer active transportation activities.

Learn more about the plan, how you can get involved, and [sign up for updates](#) on our [engagement platform](#).

Austin, TX 78701

### PUBLIC MEETINGS

This plan will be developed in collaboration with TxDOT's Bicycle and Pedestrian Advisory Committee (BPAC), metropolitan planning organizations, other key stakeholders, and the public.

Two separate rounds of public meetings will be held across the state for this effort. All meetings will be hosted in an in-person and virtual format.

### STATEWIDE ACTIVE TRANSPORTATION PLAN

VIRTUAL PUBLIC MEETING

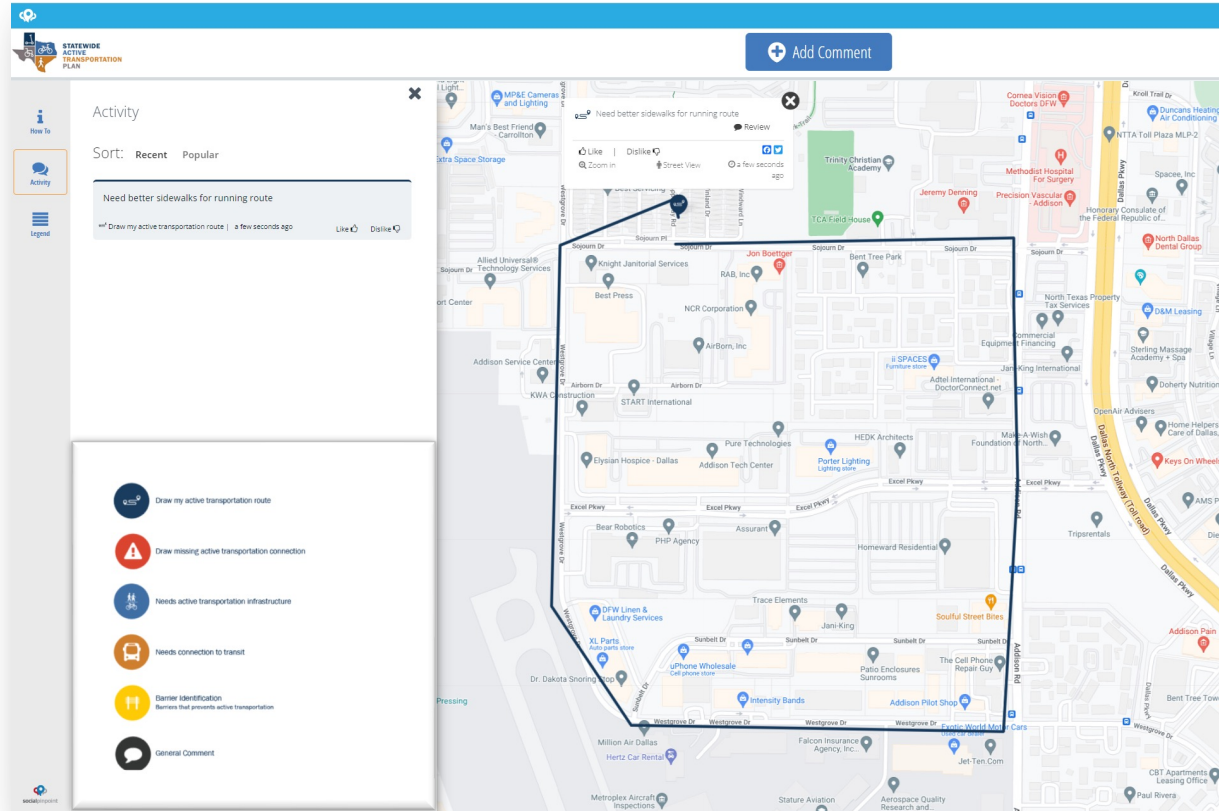

## Comments due by Dec. 15

# Outreach Round 1 Update

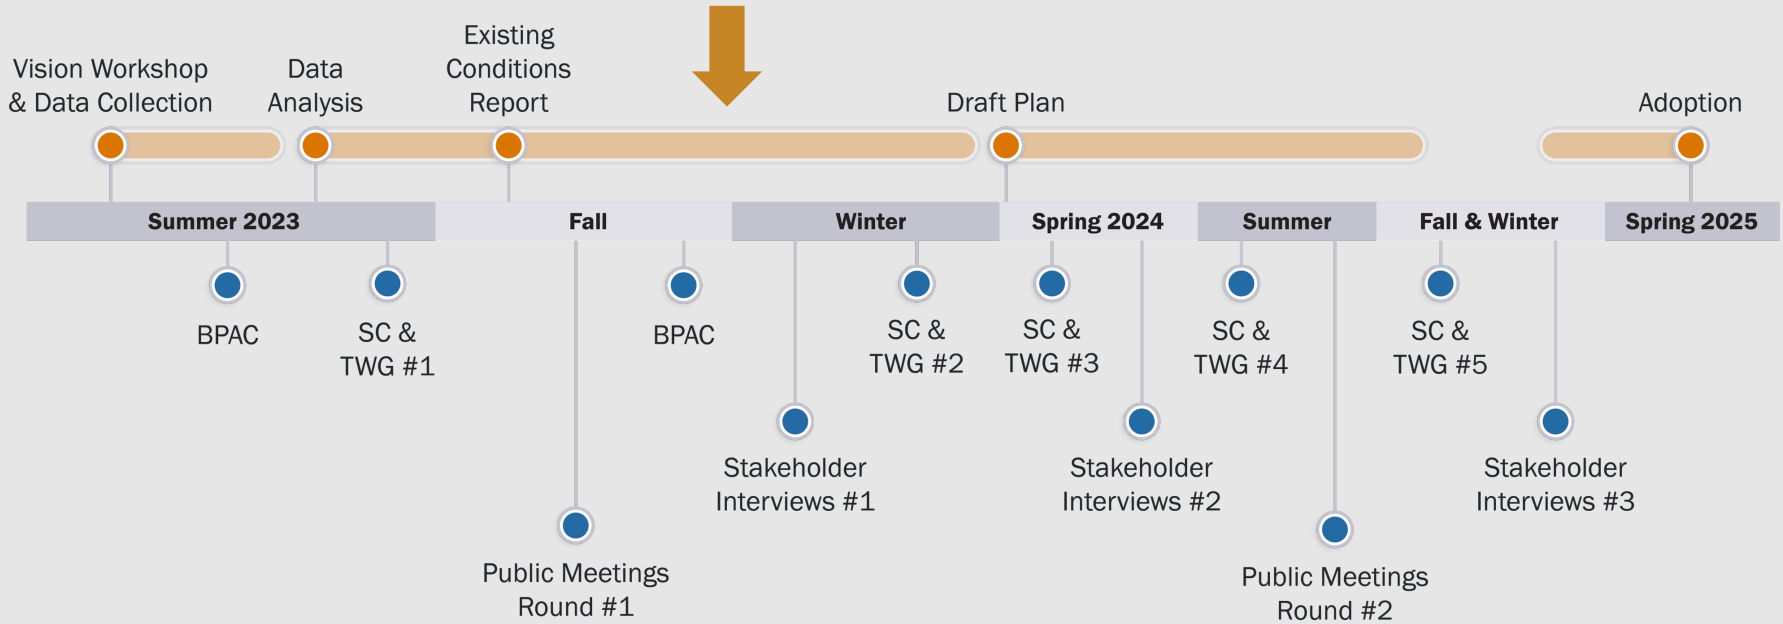

## Input Mechanisms:

- ✓ Interactive map
- ✓ Survey
- ✓ Comment form
- ✓ 2 interactive exhibits – Level of Comfort and Priority Pyramid

# Schedule

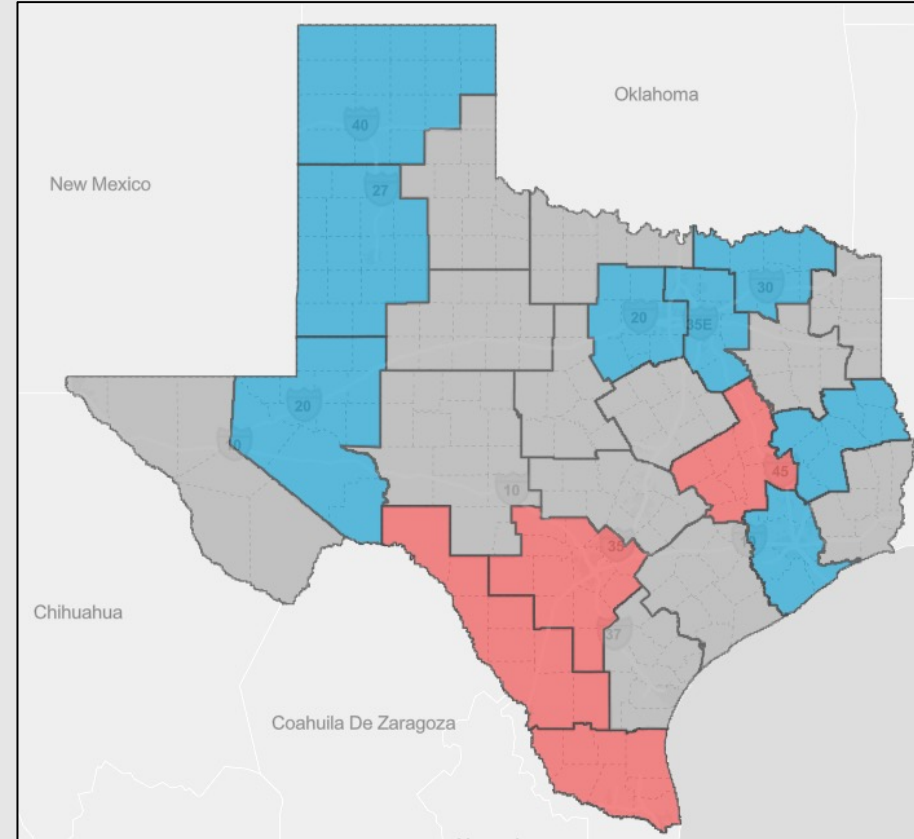

Steering Committee (SC), Technical Work Group (TWG), Bicycle and Pedestrian Advisory Committee (BPAC)

# TxDOT District Bicycle Plans Overview

- Provide a basis for future district planning and project development
- Identify common types of bicycling challenges and potential enhancements on the state highway system
- District bike plans will analyze needs on the highway system, prioritize routes, and identify potential solution types
  - Project delivery priorities
  - Network functions
  - Refine Bicycle Tourism Trail routes
