

MPO INSTITUTE

Bringing Policy to Practice

The MPO Institute, the newest of the AMPO Research Foundation Programs, is launching this Spring!

The MPO Institute supports the evolving role of MPOs, understands the need for MPO-centric training, and provides content to tackle the challenges posed by retirements and staff retention. The institute serves as a unique national training where courses are developed in coordination with MPO practitioners to ensure we cover not just requirements, but also real-life practice.

So whether you're onboarding new staff, training staff for new positions, or simply need a refresher—the MPO Institute has the basics and more to meet your needs.

Our courses offer year-round, on-demand virtual training supplemented by live, instructor-led classes and events for a well-rounded training.
